4 February 1970

MEMORANDUM FOR: See Distribution
SUBJECT: New IIS Training Dates
REFERENCE: IIS Training Plan, 25 August 1969

1. The IIS implementation date is 1 October 1970 instead of 1 July. Training phases are therefore as follows:

Orientation of Management: May 1970

Orientation & Training of Supervisors: June 1970

Working Level Training

-- Off Line: July & August 1970

-- On Line: September 1970

2. Because the training period falls in the period often used for vacations, it will be necessary to plan carefully so that wherever possible classroom attendance will not coincide with vacation preferences. The attached detailed class schedules will be useful for that planning.
